	8:30a	10K Start
	8:30a	1M Registration Closes
	8:40a	5K Start
	8:45a	1M Start
	9:15a	1M Awards & Prize Drawing
	9:30a	5K Awards & Prize Drawing
	10:00a	10K Awards & Prize Drawing
	11:00a	Half Marathon Awards & Prize Drawing
	12:00p	Marathon Awards & Prize Drawing

Athlete Instructions & Event Details

Age Groups - Competitive divisions are determined by an athlete's age on race day and groups are in 10 year increments.

***Note:** Those who place in the top 3 for their distance and gender will be moved to an overall division, regardless of age, leaving the remaining field eligible for division awards.

Aid	1	2	3	4	5	4	2	1	6	7	8	9	9	8	7	6
5K Mile	1.2							1.9								
10K Mile	1.2	2.8					3.4	5								
Half Marathon Mile	1.2	2.8	4.8	6.3	7.7	9	10.2	11.8								
Marathon Mile	1.2	2.8	4.8	6.3	7.7	9	10.2	11.8	13.3	14.7	16.4	18.4	20.2	22.1	23.9	25.3
First Aid	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
Water	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
Electrolytes		✓	✓	✓	✓	✓	✓		✓	✓	✓	✓	✓	✓	✓	✓
Energy		✓	✓	✓	✓	✓	✓		✓	✓	✓	✓	✓	✓	✓	✓
Porta-Poos	✓			✓		✓		✓	✓		✓			✓		✓

***Note:** Please tell your four-legged running partners they will have water at each stop too!

Audio Devices - iPods or other portable music devices that require the use of a headset are discouraged but will not disqualify athletes from competition. For safety purposes and so you can hear event announcements or course directions, please be sure to keep the volume at a reasonable level.

Awards - Although winners must be present to receive prizes, those who are unable to stay for their ceremony will have 1 week to claim their award by emailing events@alloutmultipro.com. Winners may choose to pick up their award at an upcoming AMP event or have it mailed, but payment of postage & handling will be required in advance of any mailing.

Bibs - **TIMING CHIPS MUST BE REMOVED FROM THE FRONT OF YOUR BIB** and affixed to your shoe (more below) so your race number is visible from the FRONT at all times. Safety pins will be provided at packet pick-up for those who do not have a set of our Bibfix or a race belt. Please be aware that bib numbers are assigned and programmed into our system uniquely for each athlete, so if you are checking in with a friend or family member, please be very careful not to swap bibs.

***IMPORTANT:** Timing chips must be worn on your shoe, even if you have no interest in knowing your finish time, as this is how we can be certain that everyone's made it back safely.

***Note:** Due to the unfortunate actions of some bandits, if your bib is not visible when you cross the finish line, you will not receive a medal, guaranteed timing results or be eligible for awards, and you will not have access to hydration or nutrition.

Boston Qualifier - All marathon finish times will be submitted to the Boston Athletic Association for verification within a week after this event. Please visit www.baa.org to review participant information & qualifying standards.

Cut-Off / Marathon Time Limit - As much as we'd like to support each and every athlete through to the finish no matter what... parks, trails, vendors and volunteers all need to know when they can expect to be done for the day. Therefore, although there will be a strictly enforced, no exceptions, 6.5 hour time limit for the full marathon, we'll be implementing the cut-off in a unique way to provide two options for all who might fall a bit behind. Athletes who are unable to maintain an average **14:55**

minute/mile pace for the first 12.8 miles of their race can choose to either **1. Head for the finish line** and be moved into the half marathon competition... fully eligible for awards & prizes, or **2. Give up their bib** and continue toward the day's 26.2 goal.

***IMPORTANT:** Although we totally get how unappealing it would be to train for a marathon then go home with a half marathon medal, please understand that choosing option 2 above would classify you as a DNF on the results and could very likely mean course markings, marshals, aid stations, finish aid, medical and every other form of support would be gone before you arrive. **In effect, giving up your bib will instantly turn you into 'John Q. Public' and end your participation in this event.**

Course – Ground markings, directional signs, marshals and volunteers will be positioned to guide you through the course, but it is always a good idea to study up in advance. Both printable and interactive maps are available online, and maps will be on display at Packet Pick-Up, but we will not be printing & distributing copies to each athlete.

Dogs – Please know that the last thing we want to do is stop allowing your four-legged, fuzzy running partners to participate. If you have a dog with you, please be sure to start from the back of the chute, then please keep their leash as short as possible AT ALL TIMES... not just when you see someone coming.

Drop Zone – Beginning about 150' before and ending 150' after your first aid station, athletes may drop layers of clothing or equipment they no longer wish to carry. Our amazing staff and team of volunteers will transport these items to Lost & Found as quickly as possible. Please be sure your name is on anything you drop for easier identification when you finish.

***Note:** Although we will deliver all dropped items to Lost & Found, only those left on your first pass by an aid station can be brought in immediately. If you drop items at any other station, please plan to wait until the end of the event to pick them up.

Email – Spam filters can send our communications to your junk folder or worse... block them completely, even if you've received them in your regular inbox in the past. Rest assured, if you're registered, we're sending them. If you haven't added us to your contact list or specifically allowed email from us otherwise on your end, please plan to check the website for all event details.

Emergency Plan – Should an unexpected weather event or anything else cause the need for emergency evacuation on race day, anyone who becomes separated from their group should plan to meet at Road Runner Sports. [Click here for directions.](#)

Entry Changes – Should you decide to change distances after you register, or whoops... realize you registered as a male instead of a female, please [log in to imATHLETE](#) at least 3 days before the event so we are able to provide accurate info to our timers.

***IMPORTANT:** **Your timing chip is not a GPS tracking device** - If you decide to change distances after online registration has closed, *please notify the folks at packet pick-up.* If for any reason you need to change distances after you've started your race you must personally notify the timers immediately after you cross the finish line or you will be disqualified.

***Special Attention:** *Although it may not seem like a big deal if you changes distances without telling us, and although you may not care if you get disqualified... please understand that a somewhat slow 10K, for instance, can look very much like a fast half marathon when finalizing results. In a case like this, failing to notify us that you've switched from the half to the 10K can throw off the awards for hundreds of other athletes. (The same would be true in the case of other distances as well.)*

Gear Check - Please feel free to check anything from goodie bags or duffels to a single set of keys, but please be sure you have consolidated into one piece only, and know that you are checking AT YOUR OWN RISK. Although we will do our best to keep your items safe, we will not be hiring professional security and will NOT BE HELD RESPONSIBLE for lost, stolen or damaged items.

***IMPORTANT:** Please be sure you don't take your bib number off until you have picked up your gear! For security purposes, checked items will only be released to an athlete wearing the corresponding bib number. Any gear not picked up by the end of the event will be considered 'Lost & Found' and will be handled in the manner specified below.

Inclement Weather - Although we plan to race rain, snow or shine, the Race Director, City and/or Property Management reserve the right to reschedule, modify or cancel any or all portions of this event if weather conditions or anything else compromises athlete safety or makes the originally planned event unachievable. There will be no refunds and no credits toward another race for rescheduled, modified or cancelled events.

Litter - Please remember that we are guests of the venues that welcome us and that litter could jeopardize the life of this event. Please **DO NOT LITTER!** Instead, please utilize the drop zone described above or dispose of all trash in proper receptacles.

***Note:** Although the official 'drop zone' is only at the first aid station, we will scour for trash surrounding all aid stations, so *please don't feel like you need to carry cups & such as you complete your race.* Because scouring for 26.2 miles definitely leaves room for items we might miss... please do not drop trash if you're not within a reasonable distance of an aid station.

Lost & Found – All items picked up from within the drop zone or found laying around the venue will be taken to Lost & Found which will be located under the tents where Packet Pick-Up was held. Please check to see if we have what you're looking for before heading home for the day, or email us at events@alloutmultipro.com as soon as possible following the event as items will only be kept for a period of 1 week. You may choose to pick up your item at an upcoming AMP event or have it mailed, but payment of postage & handling will be required in advance of any mailing.

Merchandise – Because shipping is not an option for merchandise delivery, please be sure to pick up (or send someone to pick up) anything you purchased with your registration. All items that ultimately go undelivered will be restocked back into inventory without the benefit of a refund.

Packet Pick-Up / Photo ID – To prevent the theft of entries by folks who might just pick a name off the posted roster, all athletes will be required to provide photo proof of identity to pick up their packet. ***This rule will be strictly enforced for your protection so no fair yelling at the race director if you forget.***

***Note:** *Only those who registered online personally and agreed to electronic waivers at that time may send someone to pick-up their packet for them. Anyone you send must have a copy of your Photo ID... sorry, no exceptions.*

Parking – Athletes & spectators will be asked to park in the lots north, east and west of the office building, leaving the south lot accessible for volunteers and event operations.

Participants – Competitive runners, joggers, walkers, K9 companions, wheelchairs & strollers... all are welcome, but please show *respect your fellow athlete* by following directions given for positioning at the start.

Personal Supplies – Marathon athletes will be welcome to bring personal supply bags that will be made available to them just after the half-way point of their race. Please feel free to pack anything from your specific, tried-and-true nutrition to anti-chafing products, extra clothing or a change of shoes, then rest assured... we'll have it waiting for you when you get there!

***IMPORTANT:** All personal supply bags must be clearly marked with your bib number and must be left at the Gear Check area at least 10 minutes prior to the start of the marathon.

Porta-Poos – *Under no circumstances* should athletes 'relieve' themselves in public areas. Please either use the facilities available at the venue, or look for units positioned along the course.

Post-Race Meal – Mmmm... Breakfast Burritos! Please enjoy some immediate hydration at the finish line then catch your breath & look for the areas in expo where we will be serving breakfast burritos, bagels, fruit & chocolate milk! Although the meal is FREE for all athletes... it is for athletes only. All spectators should plan to bring food & beverage accordingly.

Pre-Race Hydration / Nutrition - Nothing is more important to us than your safety... period, so please know that although you will not be allowed to fill bottles, cups of water will be available at the meal tents before you race. Nutrition has been calculated based on the expected number of finishers and will continue to be served post-race only.

Prizes – You DO NOT want to miss your award ceremony! Our sponsors have contributed **over \$9,000** in prizes and all athletes will be eligible to win! (*Psst... winning at Early Packet Pick-Up will NOT reduce your chances of winning again on race day!*)

***Note:** To be sure we call out only those who are present, tickets will not be taken until the start of each ceremony. Please wait until these times to approach our staff with your ticket: **1M: 9:15a / 5K: 9:30a / 10K: 10:00a / Half: 11:00a / Full: 12:00p**

Results – Results will be scrolling on screens from a booth in the expo area throughout the race (*look for the giant, bright green 'Results' flag*), and will be posted at www.onlineraceresults.com by the end of race day.

***IMPORTANT:** Please be sure to find your finish time on posted results before your award ceremony... even if you don't expect to have placed. Should something seem out of whack, the nice timing folks right there in that booth are the ones who can get it straightened out, as **staff members handing out awards do not have access to the timing system**. Although discrepancies that go unreported on race day may be corrected online for final standings, if you decide not to check results before your ceremony... please do not expect awards to be adjusted for you later. Any discrepancy whatsoever must be reported through the contact function at www.onlineraceresults.com or via email to events@alloutmultipro.com by **11:59p Tuesday, 9/27** to be considered for revision.

Safety / Medical – All staff vehicles and aid stations will be equipped with first aid kits, and EMT's or Paramedics will be positioned at both the start / finish and out on the course for anyone who may need assistance.

T-Shirts – We want you to LOVE your race shirt! Although you will initially be given the size you requested online, if you believe a different size might work better, please stop by the Lost & Found area *after you race* to see if a swap is possible.

***Note:** To be certain those who registered earliest receive the shirt size they requested, athletes who walk-up to register (either at Early Packet Pick-Up or on race day) will be asked to wait until after they race to select from the sizes available.

Text Results – We think your refresh key has taken enough abuse, don't you? If you'd like to receive your individual results & placements from us via text the moment they're available, please text the word ALLOUT to 550055 before you race.

***IMPORTANT:** To receive the text, we need to have a mobile number as part of your entry. If a change to your entry needs to be made... no problem, just login to imAthlete using your confirmation code by 11:59p Wednesday, 9/21, to make the change there. Oh, and once you're in... your in! **No need to text again if you've already done so for a previous event.**

Timing – All results and awards will be based on chip times (time starts when you cross the mats) rather than gun times (time starts when the gun goes off). Please be sure you start with the correct distance and please know that even if no one passed you, it is possible that they could finish with a faster time.

***IMPORTANT:** **TIMING CHIPS MUST BE REMOVED FROM THE FRONT OF YOUR BIB AND PROPERLY ATTACHED TO YOUR SHOE for you to receive a time.** Please either look for one of the instruction sheets that will be posted on race day or right there on the chip itself for a 'how to', as attaching the chip incorrectly can be as bad as not wearing it at all.

Trail / Race Etiquette – Because we utilize area trails rather than roads open to traffic (*for your safety*), the more athletes there are on race day, the more important trail etiquette principles become. Not only should you consider your fellow racers, but John Q. Public will be out there as well. Very basically... **stay right at all times so others can pass on your left.**

***Note:** If you are participating with friends or family... please fall back to single file when another athlete approaches, keeping in mind that they may be coming either from in front of or from behind you. If you are the athlete approaching from behind, please be sure to call out in advance so they know you're coming. Also, if you are planning to use a walk/run strategy or you are someone just learning the ropes, please stay on the far right edge of the course at all times and, to avoid causing a rear-end collision, please be sure to take a peek behind you before you slow to a walk.

Updates – Last minute event updates will be posted on our website and to Facebook, but will only be emailed to registered athletes if time / circumstances allow. Please bookmark our website and/or 'like' us on Facebook to stay in the know.

Walk-Up Registration – Entries will be available at both Early Packet Pick-Up and on Race Day. Although checks will not be accepted, we're cool with cash or credit / debit (Visa, Master Card, American Express & Discover). A 3% processing fee will be added to all credit or debit card transactions.

***IMPORTANT:** Due to the need for waivers to be signed, all walk-up entries must be completed in person. Please **DO NOT** send a friend or family member to register on your behalf. (*Nope... sorry, not even your spouse.*)

Wrap-Up – Links to photos & results have been posted to the event page of our website for your post-race viewing pleasure... then there's the Results & Photos page too, of course! Either way is fine, just please don't mistake any of the online race calendars where you may have found us, or our registration site (imAthlete) as a source for this information. Our website is the very best place to get quick access: www.alloutmultipro.com
